

St. Paul Public Schools Safe to Return to Schools

Schools across the nation are eligible to receive federal funding through the American Rescue Plan Act (ESSR III). A requirement to receive this funding is the collection of feedback from the community on the efforts made by the school district to return to school. The 2022-23 St. Paul Public Schools Safe Return to School Plan and related survey are located below. We are proceeding with a normal school year. Please read the plan and complete the survey at your earliest convenience.

St. Paul Safe Return to School Plan 2022-23

- **School began as scheduled on August 18th with a 1:30 dismissal.**
- **Teachers gave informal assessments to determine if students are lacking necessary skills or if remedial instruction is needed. All Special Education students are receiving appropriate accommodations via their IEP. Staff will also monitor students' social, emotional, and mental health needs providing assistance as necessary.**
- **Teachers are trying to keep students as physically separated within classrooms while still allowing interaction with one another as necessary in an educational setting.**
- **Transportation is being provided to normal locations and rural routes.**
- **Custodial and lunch staff are spending extra time cleaning and disinfecting.**
- **Hand washing is being emphasized and hand sanitizer will be available throughout the buildings and vehicles.**
- **If there are any confirmed cases within the staff or students only the people required by Loup Basin Public Health District would be quarantined and the rest of the district would function as planned.**
- **Parents are requested to screen their children prior to coming to school and if they are sick please keep them at home. If parents would like more information regarding vaccinations they are encouraged to consult with their family doctor.**
- **Masks, temperature checks prior to entering the building and vehicles, as well as the use of remote learning will not be required at this time. If parents want their child to wear a mask they will be welcome to do so.**

Due to the ever-changing nature of the pandemic, moving forward the administration and Board of Education will monitor conditions related to the spread of COVID-19 and hold additional meetings to modify this plan as changing conditions dictate.
